pones, account due to the Gas Co.
etc., was one hundred and ten mil-
lions currency, and that it is proposed
to consolidate this debt by the issue
of new Municipal 6 per cent Bonds,
with the Nat. Government guaran-
tee, which he considered, taking the
Oculas as a barometer of the mar-
ket, would sell for from 80 to 85 and
perhaps 90. The new bonds to bear
6 per cent interest and one per cent
amortization.

Mr. Rodriguez said that if the
Minister would only decree that the
proceeds of the Municipal Lottery
be applied towards the service of
these bonds, the business could be
considered as done, since he was
given to understand that the lottery
will yield a profit to the Municipa-
lity of 20 millions currency per an-
num, and all the service of the bonds
would require would be from 7 to 8
millions, leaving a large surplus to
the Board for other Municipal obli-
gations.

The Minister said that he feared
it would be impossible to divert the
proceeds of the Lottery from the
Hospital and the Sociedad de Bene-
ficiencia, since even in Congress
there was opposition to the Lottery,
and it was only sanctioned on the
understanding that the proceeds be
applied towards Municipal charities.

H. E. said that he would look into
the law and see what Congress
ordered in the matter, as at the
moment the question was new to
him, and before he offered further
opinion he would like to refer to
the Municipal Presupuesto.

Mr. Mulhall asked leave to re-
mind the Minister of some anteceden-
ts. This was the fourth time
he had come in committee to wait
on the Minister about this matter;
more than a year ago he sat in this
very 'sala' and spent hours in dis-
cussing with Dr. Del Viso, the then
Minister, this subject. A long year
had elapsed and nothing to this hour
was done. It was said by the Lord
Mayor that the Municipality did not
owe the money, since the pro-
ceeds of the second issue of bonds
was received in its entirety by the
Provincial Government, but he
maintained that the public had
nothing whatever to do with this,
they were municipal bonds bought
by the public as such, and the
Municipality was bound to pay them.
He had asked Mr. Alvarez yesterday
to pay the present quarter coupons
now maturing, but Mr. Alvarez said
it amounted to 2,000,000 mps, and it
was impossible for the board to pay
same until the Government settled
the matter. Every day that this
matter was delayed increased the
debt, and he implored of the Minis-
ter to take the matter up at once
and despatch it, since it was disre-
ditable to the city and dishonorable
to the nation. These bonds were
held by people in Europe who, trust-
ing to our credit, had put all their
money in them. The city was crowded
with Municipal creditors, and it was
hard to enter the Baza without
meeting some of these indignant
bondholders who are always making
the most sarcastic remarks.

Works going on famously.

At our mart in San Martin 51, we will sell to the highest bidder (the above conditions) this splendid camp situated only 13 leagues from the town and surrounded with important establishments.

The camp which we offer for sale is only 5 leagues distant from the line of railway to Rio de la Plata, and is known and reputed to be covered with good class of pasture, the greatest part of it, tender grass. There are several lakes of permanent sweet water on the land.

The conditions of sale are very advantageous with regards to payment, and for this reason we beg to call the attention of speculators in camp to this sale.

The buyer can take over \$ 500,000 to Government, \$ 100,000 to the Government, and the balance in cash.

The land laws allow the postponement of payment for one year on payment of 1 per cent per month interest.

AT OUR MART

51—SAN MARTIN—51

We will sell to the highest bidder over and above the stipulated basis, for each 84 league of splendid camp, in the department of San Justo (Province of Cordoba). Advice we have received about the above camp are most flattering—so let those who wish to secure good land cheap, look here.

The shape of the lot, its rich pastures, and the liberal conditions on which it is offered for sale (in one or more lots), place it within reach of agriculturists, who require small lots of excellent land.

The low prices put on this land compared with the value obtained by the Government, \$ 3,000 pats. is the best recommendation we can offer.

Title deeds facilities.
